January Newsletter 2025

February Meeting.

As previously mentioned the meeting originally scheduled for February will now be on **January 30th** at **2.00** in the Bowden room, Shira Rubb will talk about the life of a wildlife warden.

Annual Lunch

20 members of the club attended the annual New Year Luncheon, this year at the Bridford Inn where we were made most welcome. The food was excellent and plentiful, the company very convivial and a jolly time was had by everyone. Our thanks to Sam, Shaun and the chef for making us so welcome and looking after us so well.

Gardening tips for February

Sow hardy annuals such as sweet peas.

Start dahlia tubers in a warm light place, spray with water to stop them drying-out.

Prepare seed beds for vegetables.

Clean greenhouse glass and wash pots ready for the growing season.
